

## Donated Stock Registration Form

As you can imagine the Pets at Home distribution centres handle thousands of deliveries every week and occasionally there is some damaged stock such as a ripped bag of food or a hutch with a screw missing, nothing too major! Although these items can't be sold to customers, we appreciate that they may be of use to your organisation.

Pets at Home have introduced a scheme whereby these items are donated to rescues and re-homing centres. As a rescue local to a Pets at Home store we know that these items could be of use to you – if so, please complete the details below and return the form to us.

### Please note

1. These items are for the use of the rescue and must not be re-sold or exchanged in store.
2. Anything that is offered would be given at no charge to yourself
3. Collection of these items must be undertaken at the time arranged.
4. We cannot list the items on the pallet or tell you the date the pallet will be delivered
5. You must take all the items on the pallet

Please note that we offer no guarantee when goods will be available or the frequency of when items would be offered.

Rescue Name	
Contact Name to arrange collection	
Contact Telephone Number	
Contact Email Address - we only contact via email so must be supplied	
Items Required	Dog / Cat / Small Animal / Chicken & Bird / Horse
